Yamaha F40HP Four Stroke Mid-Range Outboards for Sale

The Yamaha F40 Outboard Motor is built for those perfect days on the water—whether you're teaching the grandkids to fish, heading to a sandbar, or cruising the dam. Compact, reliable, and fuel-efficient, it delivers the ideal balance of performance and simplicity for recreational boating.

Engineered to suit a wide range of aluminium fishing boats, including the Sea Jay range, the F40 offers smooth handling, responsive power, and dependable Yamaha durability in a light-weight package.

Yamaha F40 Performance & Features

At the core of the F40 is a 747cc 3-cylinder engine, designed for strong midrange performance and everyday reliability:

- 747cc 3-cylinder marine engine for smooth, responsive power
- Strong mid-range torque and quick acceleration
- Effortless turn-key starting in hot and cold conditions
- Excellent fuel efficiency for longer days on the water
- Reduced emissions for cleaner operation
- Quiet, smooth performance for comfort and enjoyment

Smart Control & Easy Operation

The Yamaha F40 is designed with user-friendly control systems for all boating styles:

- Forward control compatibility with digital gauges
- Command-Link system for real-time engine data (on compatible setups)
- Multi-Function Tiller Handle (optional) with throttle, shift, trim, and safety alerts
- Ergonomic control layout for easy, intuitive operation

Built for Australian Boating

The Yamaha F40 is the perfect match for aluminium fishing boats, offering reliability, versatility, and smooth performance across a wide range of on-water activities.
