Yamaha F250HP Four Stroke Offshore Outboards for Sale

The Yamaha F250 V6 4.2L Offshore Outboard delivers the perfect balance of power, efficiency, and reliability for serious offshore boating.
Ideal for plate alloy boats, fibreglass half cabins, and large centre consoles, the F250 is built for confident performance in demanding Australian conditions.

Offshore Performance & Control :
Powered by Yamaha's proven **4.2L V6 platform**, the F250 delivers smooth acceleration, strong mid-range torque, and dependable offshore capability.
Key Features:

- 250HP V6 offshore performance
- 4.2L Yamaha V6 engine
- Variable Camshaft Timing (VCT) for improved torque
- Lightweight, efficient offshore design
- Enhanced lower unit durability
- Suitable for single or twin installations

Advanced Yamaha Technology:

- Integrated Digital Electric Steering (DES)
- Thrust Enhancing Reverse Exhaust for improved control
- Digital Electronic Throttle for smooth response
- Total Tilt™ system for easy full tilt operation
- Variable trolling control (600–1000 RPM)
- Dual flushing system for easier maintenance

At **Watsons Marine Gympie**, we supply, install, and professionally rig Yamaha F250 outboards for maximum offshore performance and reliability.

Why Choose Us :

Expert Yamaha advice
Professional rigging & installation
Full pre-delivery setup
