Yamaha F300HP Four Stroke Offshore Outboards for Sale

Yamaha F300 V6 Offshore Outboard—Premium 300HP Offshore Performance in Queensland

The Yamaha F300 V6 Offshore Outboard is built on Yamaha's proven 4.2L V6 platform, delivering a refined balance of offshore power, efficiency, and control. Designed for serious boaters, the F300 is ideal for larger offshore fishing boats, centre consoles, and premium aluminium vessels requiring dependable performance in demanding conditions.

Offshore Performance You Can Rely On:

The F300 delivers strong acceleration, excellent torque, and smooth power delivery across all RPM ranges—making it a trusted choice for offshore fishing and long-range cruising.

Key Features:

- 300HP V6 offshore performance
- 4.2L proven Yamaha platform
- Lightweight, fuel-efficient design
- Exceptional torque and response
- Built for harsh marine environments
- Ideal for single or twin setups

Advanced Steering & Control:

With Digital Electric Steering (DES) on select models, the F300 delivers precise, low-maintenance handling and a cleaner transom layout. When paired with Helm Master® EX, it offers:

- Joystick control
- Autopilot integration
- Effortless docking and manoeuvring
- Advanced vessel control

Smart Offshore Technology:

- Thrust Enhancing Reverse Exhaust for improved low-speed control
- TotalTilt™ system with easy double-tap operation
- Variable Camshaft Timing (VCT) for strong mid-range torque
- Digital Electronic Throttle for smooth response
- Variable trolling control (600–1000 RPM)
- Dual flushing system for easier maintenance

At **Watsons Marine Gympie**, we supply and professionally rig Yamaha F300 outboards for optimal offshore performance and reliability.

We offer: ➡ - Expert installation & rigging ➡ Pre-delivery inspection ➡ Vessel-specific setup advice ➡ Trusted Yamaha marine support

Yamaha F300 V6 Offshore Technical Specifications

Weight: 250 kg / 254 kg / 265 kg
Full Throttle RPM Range: 5,000–6,000 rpm
Fuel Induction System: EFI
Recommended Engine Oil: Yamalube® 4M
Engine Type: V6
Displacement: 4.2L
Bore x Stroke: 96 x 96 mm
Prop Shaft Horsepower: 300 hp at 5,500 rpm
Alternator Output (W.O.T.): 50–70 Amp
Compression Ratio: 10.3:1
Recommended Fuel: Octane 89
Fuel Filtration: Yamaha 10-Micron Fuel/Water Separator (external)
C.A.R.B. Rating: 3-Star
Exhaust: Through Propeller
Intake: 24
Ignition: TCI Microcomputer
Spark Plug: LFR6A-11
Starting System: Electric
Lubrication: Wet Sump
Engine Oil Capacity: 6.3L / 6.0L
Cooling System: Thermostatic Control
Ethanol Limit: 10% Max
Gear Ratio: 1.75:1
Gear Shift: Forward, Neutral, Reverse
Shaft Length: 25" – 30" – 35" (F300 DEC Only)
Trim Range: -3° to +16°
Tilt System: Mechanical 67° / DES 69° / Bolt-on 70°
Mounting Centers: 28.5"
Steering: Integrated Electric Actuation
Steering Angle: 32° each direction
Warranty: 3-Year Pleasure / 3-Year Government / 1-Year Commercial, 1-Year Commercial
